

YES Newsletter—June/July 2021

YES at the ASCRS Annual Meeting

We're so excited to welcome young eye surgeons to the ASCRS Annual Meeting in Las Vegas, Nevada, July 23–27, where we have a number of educational opportunities designated as particularly impactful for YES learning.

Find some of the highlights below and check out the [Real-Time Program](#) for more details and comprehensive programming.

YES-Endorsed Programming

Saturday, July 24

- Retina Essentials for the Anterior Segment Surgeon
- Corneal Tomography for Cataract & Refractive Surgeons
- Minimally Invasive Glaucoma Surgery: Management of Intra- and Postoperative Complications
- YES Symposium: Complications by Proxy
- IOL Calculations: Refining and Expanding our Toolbox
- Introduction to Small-Incision Cataract Surgery for the Phaco Surgeon
- YES Networking Luncheon

Monday, July 26

- Cataract Surgery Essentials
- Management of Pre-Existing and Postoperative Corneal and Ocular Surface Problems during Phacoemulsification
- Advanced Cataract Surgery Symposium: Eye on the Future
- Mastering Complex Anterior Segment Surgery: Approach, Instrumentation, Ergonomics and Techniques
- The Refractive Bachelor(ette) in 20/Happy Paradise

Sunday, July 25

- Debates and Controversies for the Young Ophthalmologists: How Will You Shape Your Practice?
- Understanding and Managing Patients Unhappy with Vision after Cataract Surgery
- Best of the Best: 2021 Update in Advanced Cataract Surgery
- Good to Great: Improving Our Approach to Refractive Cataract Surgery
- Understanding Topography and Corneal Aberrations
- ASCRS Journal Club - LIVE!
- Premium and Toric IOLs: How to Use, When to Use, and What Patients Will Benefit from This Technology

Tuesday, July 27

- X-Rounds: Refractive Cataract Surgery to the Max
- Cataract Surgery in Corneal Pathology
- Conquering Phaco Complications: A Video Based Course

YES Skills Labs – Friday, July 23

YES Anterior Segment Surgery Lab

- Review basic and advanced phaco practices and procedures.
- Explore various anterior segment procedures.
- Open time slots 9:00 – 11:00 a.m. and 12:00 – 2:00 p.m.

YES DSEAK/DMEK Lab

- Practice tissue insertion for DSAEK.
- Learn how to implant and position tissue in DMEK.
- Open time slots 9:00 – 11:00 a.m. and 12:00 – 2:00 p.m.

If you haven't registered yet, there's still time. ASCRS is committed to providing education to YES members and, in doing so, offers complementary registration to residents and fellows and a discounted rate for surgeons within their first five years of practice.

New Educational Opportunity—Sign Up for Free!

Residents and Fellows can register free of charge for the new ASCRS Glaucoma Building Blocks educational series. This four-episode series, featuring expert faculty, is designed to build a solid foundation in comprehensive glaucoma management from diagnosis through intervention options, all based on the latest medical knowledge and innovation. The fourth and final episode of the series is taking place in person at the ASCRS Annual Meeting but, like the previous episodes, it is also recorded for viewing and participation on demand.

“This four-episode series will provide the building blocks required for comprehensive glaucoma management—diagnostic advances, initial therapeutics, evolving compliance-independent treatments, MIGS, and more extensive surgical interventions—all in one compact, efficient course.” —Thomas Samuelson, MD, program co-chair

ASCRS Monthly Highlights

Did you know that as an ASCRS member, you can access ASCRS' monthly learning opportunities free of charge?

- ASCRS Journal Club: The latest ASCRS Journal Club is on demand now, and in a few short weeks we'll record ASCRS Journal Club – LIVE at the ASCRS Annual Meeting. Learn more about this monthly educational opportunity and check out the previously recorded episodes.
- Ophthalmology Quicksand Chronicles podcast: Watch/listen to Episode #9 of the popular *Ophthalmology Quicksand Chronicles* podcast where the hosts—Nicole Fram, MD, and Elizabeth Yeu, MD—welcome Brandon Ayres, MD. *Ophthalmology Quicksand Chronicles* will also broadcast two episodes LIVE at the ASCRS Annual Meeting. If you're attending, catch them in the ASCRS Tap Room in the Exhibit Hall Saturday, July 24, and Sunday, July 25, at 3:00 p.m.
- ASCRS Grand Rounds: The monthly ASCRS Grand Rounds remains on summer hiatus but will resume in September. Catch up on previous Grand Rounds that are recorded and online now.

Don't forget to renew your membership to continue taking advantage of these and so many other member benefits.

Ophthalmology Quicksand Chronicles LIVE: Last Call for Submissions

Ophthalmology Quicksand Chronicles, will broadcast live from the ASCRS Tap Room in the Exhibit Hall at the ASCRS Annual Meeting in Las Vegas on Saturday and Sunday, July 24–25. If you're attending the meeting and want the chance to share some of your most vulnerable surgical moments when your case didn't go as planned—and the lessons you learned from it—with these dynamic hosts, submit a video of your “quicksand” moment by July 12 for consideration here. Videos should be no more than 5 minutes and your submission should include a few sentences that describe what happened in your case, how you handled it, how it made you feel, and what you learned from the case/how it helped you evolve as a surgeon. For questions or more information, email quicksandchronicles@ascrs.org.

Resident and Fellow Roundtable Update

Our regularly scheduled Resident and Fellows Roundtables, sponsored by the ASCRS YES Committee, are taking a summer break. We look forward to resuming in the fall. Keep up with this e-newsletter for more information.

Stay connected with us and your peer group of YES members on social media. Our official YES hashtag is #ASCRSYES
