

## **YES Newsletter—October 2020**

Please join us for these exciting upcoming events

### **Resident and Fellow Roundtables Sponsored by the ASCRS YES Committee**

This monthly interactive learning experience will be led by two different ASCRS Young Eye Surgeon Committee members and will include case studies and encourage a lively discussion with all attendees engaging through video.

Next up:

Tuesday, November 17th at 7:30 EST

Registration is very limited and will open on Tuesday, November 4th

Dr. Ashley Brissette and Dr. Michael Patterson

Challenging Cataract Cases: “Complex/Dense Lenses Management”

### **ASOA and YES Joint Webinar**

Navigating the Current Job Market

This session will provide attendees with tips on how to navigate their careers in the current environment. This will include pearls on negotiating contracts, helping to develop practice management strategies and get pointers from experts who have seen the challenges first-hand.

Co-Moderators: Deborah Davis, COE and Zach Zavodni, MD

Faculty: Thomas Brown, JD, COE; Sharon Brown, COT, COE; and Hayley Boling, MBA, COE; Mark Hansen, MD; Michael Patterson, DO; and Julie Schallhorn, MD

Available on demand for all 2020 Virtual Meeting attendees starting Sunday, November 1st

**ASCRS Grand Rounds**

ASCRS is pleased to announce a new effort to bring the best and brightest in ophthalmic teaching to our members. ASCRS Grand Rounds is a virtual, complimentary CME offering exclusive to ASCRS membership that brings the experience of a live grand rounds to your home or office.

We have partnered with major academic institutions to present a monthly series of virtual grand rounds, each approved for 1.0 AMA PRA Category 1 Credit™. View during a pre-scheduled time to engage live with the speakers or view on demand at your convenience.

Join us as Duke University Eye Center presents the first ASCRS Grand Rounds on Wednesday, October 28th at 8pm EDT. The Grand Rounds will feature two challenging cases, engaging panel discussions, and clinical pearls presentations.

Co-Moderators:

Terry Kim, MD

Sumitra Khandelwal, MD

Faculty:

Christopher Boehlke, MD

C. Ellis Wisely, MD

Preeya Gupta, MD

Elizabeth Yeu, MD

Lloyd Williams, MD

Residents:

Amal Al-Lozi, MD

Regina de Luna, MD

Agenda:

1st Case Presentation: "Eyes on the Surprise"

-Regina De Luna, MD: ABMD and Refractive Surprise Case

Case 1: A 79-year-old male presents for a second opinion with a refractive surprise following his uncomplicated cataract surgery. His second eye is phakic with a nuclear sclerotic cataract. What happened with the pseudophakic eye? How should this patient be treated?

-Panel Discussion

-Clinical Pearls Talk

-Terry Kim, MD

-2nd Case Presentation: "Trouble with the Flap"

-Amal Al-Lozi, MD: LASIK Flap Interface Fluid Case

Case 2: A 60-year-old male with a history of LASIK underwent cataract surgery complicated by IOL dislocation. An ACIOL was placed and later removed due to corneal edema. Now aphakic with steroid-induced glaucoma, he is referred for fluid in the LASIK flap interface. How would you manage this patient?

-Panel Discussion

-Clinical Pearls Talk

- Elizabeth Yeu, MD
